

Government of Kerala

Every successful investment  
**needs a Sherpa!**

A Government of Kerala initiative supporting  
Overseas Keralites and investors from idea to execution  
through guided approvals and coordination.

A Sherpa is someone who walks beside you on a difficult climb, guiding the way, offering steady support, and helping you move forward with confidence.

That same spirit drives the Sherpa initiative, guiding Overseas Keralites and investors through every step of their investment journey in Kerala.

Because every ambition deserves the right guidance,  
*Sherpa takes you to the top.*
